

I am writing to inform you that I am a resident of K-LOVE local community in Littleton, CO. K-LOVE provide an essential service for me on a daily basis. This station provides me with important local information and needed daily inspiration. If K-LOVE was displaced by a LPFM, I would no longer be able to obtain the important local information that I can only receive from K-LOVE. In addition, I would lose the inspiration that I need on a daily basis. Please continue to keep K-LOVE as part of my local community.
